

3 Courses

Introduction to  
Programming with MATLAB

Mastering Programming  
with MATLAB

Introduction to Data, Signal,  
and Image Analysis with  
MATLAB

Sep 17, 2024

**Raes Ahmad**

has successfully completed the online, non-credit Specialization

# MATLAB Programming for Engineers and Scientists

By completing this Specialization, the bearer has successfully demonstrated competency in computer programming and a solid grasp of the MATLAB language. He or she has attained proficiency in a wide range of topics relevant to engineering and scientific computing including data structures, recursion, Object Oriented Programming, graphical user interfaces, Live Scripts, data and image analysis, signal frequency analysis, program efficiency, and machine learning.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Akos Ledeczki, Ph.D.  
Professor  
Computer Engineering,  
Computer Science, and  
Electrical Engineering

J. Michael Fitzpatrick,  
PhD  
Professor Emeritus  
Computer Science,  
Computer Engineering,  
Electrical Engineering,  
Neurosurgery, and  
Radiology

Jack H. Noble, Ph.D.  
Assistant Professor  
Computer Engineering,  
Computer Science, and  
Electrical Engineering
